Re: Hearing Application for Alternate Unit Well
Cristellaria A Zone, Reservoir A
CRAB LAKE FIELD, Cameron Parish, Louisiana
Applicant: Centurion Exploration Company

Dear Mr. Commissioner:

Application is hereby made on behalf of Centurion Exploration Company for the calling of a public hearing, after ten days legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters regarding the Cristellaria A Zone, Reservoir A, Crab Lake Field, Cameron Parish, Louisiana, for which rules and regulations were established and a drilling and production unit was created by the Office of Conservation Order No. 865-G, effective September 28, 2005.

1. To permit applicant, Centurion Exploration Company to drill, designate and utilize Centurion Exploration Company-Miller No. 1 Well and the Centurion Exploration Company-Miller No. 4 Well as alternate unit wells for the CRIS A RA SUA, such wells to be at the location shown on the plat attached hereto and made a part hereof;
2. To confirm Centurion Exploration Company as the operator of the CRIS A RA SUA;
3. To make a specific finding that such proposed alternate unit wells are necessary to effectively and efficiently drain a portion of the CRIS A RA SUA which cannot be efficiently and economically drained by any other well within the unit;
4. To grant a single unit allowable for the CRIS A RA SUA and to permit the operator of the unit to produce said unit allowable from the unit well, or the proposed alternate unit wells, or from either of the wells at its option;

5. To find that, except to the extent contrary to the order granted by the Commissioner of Conservation in connection with the hearing held on this application, the provisions of Office of Conservation No. 865-G shall remain in full force and effect;
6. To provide that the Commissioner of Conservation should be authorized to reclassify the sand and reservoir by supplemental order without the necessity of a public hearing if the producing characteristics of each reservoir changes and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation, and
7. To consider such other matters which may be pertinent to this application as shown by the evidence presented at the hearing held on this matter.

The Cris A Zone, Reservoir A, Crab Lake Field, Cameron Parish, Louisiana was previously defined in Office of Conservation Order No. 865-G, effective September 28, 2005.

Attached hereto and made a part hereof is a plat outlining the CRIS A RA SUA, showing the location of the alternate unit wells together with a list of the names and addresses of all interested owners, interested parties and represented parties who are known to the applicant after reasonable search. A reasonable effort was made to ascertain the names and addresses of all such parties.

A copy of the list of the names and addresses of the interested owners, interested parties and represented parties is not being mailed to those parties along with this hearing application. Should any of these parties desire a copy of this list, however, we will be glad to provide one upon request.

Any pertinent data relating to this matter can be obtained at the cost of the requesting party, from Mr. David Comeaux of Leon Comeaux & Associates, P. O. Box 53922, Lafayette, Louisiana 70505, (337) 233-9839.

Finally, there is enclosed our check on behalf of the applicant in the amount of \$755.00, made payable to the Office of Conservation, which represents the required hearing application fee.

Very truly yours,

B. J. Duplantis
